

Because you've supported us before, we want to let you in on the ground floor...

ORPHANS OF THE STORM

BUILDING PROJECT

Unleashing the possibilities!

In 2024, Orphans of the Storm will be adopting a new home! Plans are underway for a new facility to house and care for animals in need. Throughout the years, Orphans of the Storm has been devoted to the care and well-being of countless animals. This new center is essential to us continuing that legacy into the future.

Just like the animals we rescue, we can't do it alone.

The architects are hard at work, our staff is hard at work, our volunteers are making sure that everything is ready... the only missing piece is you. By supporting Orphans of the Storm's Building Fund, you will lay the groundwork for more wagging tails, more smiling children, more warm fuzzy hugs and that critical chance at a loving home for orphaned animals in our area.

A new home... because they deserve it.

The animals we rescue and adopt out are our main priority at Orphans of the Storm. With that in mind, plans for our new center incorporate many pet-friendly advantages.

- The animals will have up-to-date, spacious kennels designed specifically with them in mind.
- Better lighting and reduced noise levels will enhance the animal's well-being during their stay.
- The new facility will provide them with access to and use of indoor and outdoor runs, allowing our animals to enjoy more fresh air and exercise.
- Carefully planned organization of kennels, such as placing similarly-sized animals together, will result in a reduction in stress on shy or frightened animals.
- Heated floors and stress-reducing music are small comforts that will soothe each animal.

How we are becoming man's (and animal's!) best friend.

- Plans for the new center not only benefit the animals in need, but offer enhancements and benefits for their human caretakers.
- With the benefit of reduced cleaning time, staff and volunteers will have more time to devote to each animal, so each living being knows it is loved and is treated with individual kindness.
- The building will have dedicated areas for meet and greets for pets and potential adopters, making it easier to communicate with each one on a more personal level.
- Increased space will allow us to develop more programs and promote community involvement.

They need your support... now, more than ever!

You can help make our new PET PROJECT finally happen!

Join us in laying the foundation for this new center by making a donation today!

We've made it easier than potty training to donate! Simply scan the QR code to the right to make a donation online using your credit, debit or checking account!

If you prefer paper training... simply write a check, made payable to the OOTS Building Fund, and mail it to: Orphans of the Storm, PO Box 838, Kittanning, PA 16201

All donations are tax deductible. The official registration and financial information of the Orphans of the Storm may be obtained from the Pennsylvania Department of State by calling toll free, within Pennsylvania, 1-800-732-0999.

Help us unleash the possibilities!
